

**Pineland Farms – 13,000 SF Specialty Cheese Plant for Educational/Recreational Venue –
New Gloucester, ME**

- ✓ State-of-the-art new cheese plant constructed on a turn-key basis with responsibility for the building and all equipment
- ✓ A 4,000-plus acre working farm, business campus, and education/recreational venue, Pineland Farms will utilize a portion of its annual milk production for value-added farmstead cheese products.
- ✓ New facility was constructed using a cost-effective, pre-engineered steel building with white side walls, deep green roof and cupola to match existing, traditional wooden farm structures
